Education

Washington State University

August 2021- Present

Currently enrolled in Washington state university classes on track to be a Mechanical engineer.

Central Washington University Classes

August 2018- June 2021

College in the high school classes. Classes I have taken include English 101, English 105, Sociology, Pre-calculus with college credit, Math 172, Math 173, Physics 111.

Delta High School Pasco WA.

Class of 2021

My GPA is 3.644 and I have received awards for great attendance and grades. Some of the special classes I have taken are: Microsoft Office, Computer Science, Pre-Engineering, Advanced Engineering, and Graphic design. I have also had plenty of experience with SolidWorks.

Volunteer Experience

Eagle Scout Projects

I renovated the Tri City Steel Band Association's "TCSBA" steel drum hard metal cases that they use to transport the drums from concert to concert 8/1/19 - 8/11/19. For other eagle scout projects, I have helped to re-gravel trails in Richland. One was a hiking trail and the other was the sides of a paved walkway.

Bikes for Tikes Kennewick, WA Fall 2018

I built, stickered, and helmeted bikes. I helped sort tables and load bikes into trucks.
